Parting Words

Education never ends, Watson. It is a series of lessons with the greatest for the last. This is an instructive case. There is neither money nor credit in it, and yet one would wish to tidy it up. When dusk comes we should find ourselves one stage advanced in our investigation.

Reflection

- What was the most surprising thing in this class?
- What do you think is most likely wrong?
- What do you think is the coolest thing you've learned?
- What do you think you're most likely to remember?
- How do you think this course will influence you from now on?
- What (if anything) did you hope to learn that you didn't?

This is the first time we have given this class
we still want to make it better!
